

SUPPORT AT HOME

The Support at Home program is designed to help you live independently and safely in your own home. We work with you, your family and local providers to create flexible care plans that reflect your lifestyle, goals and preferences.

WE PROVIDE SUPPORT WITH:

- Personal care & hygiene
- Domestic assistance
- Meal preparation & meal delivery
- Clinical care
- Lawn & garden care for a safer living environment
- Transport to appointments, community activities, and social outings
- Assistive technology & home modifications
- Individual and group activity programs
- Access to allied health professionals

THE HOME CARING DIFFERENCE

We also offer brokerage services for a range of programs including Veteran's Home Care, NDIS, DVA, CHSP, insurance-funded supports and private care arrangements.

Our team helps individuals understand and navigate these programs to ensure they can access the services that best meet their needs. We aim to make the process easier by offering practical guidance, coordination of supports and ongoing assistance.

For NDIS participants, we provide dedicated help to connect with suitable providers, plan for individual goals and access the supports needed to maintain independence, wellbeing and meaningful participation in the community.

OUR COMMITMENT

At Home Caring Myall Coast, we are committed to delivering support that enhances health, independence and overall quality of life.

We provide holistic care that addresses your physical, emotional, cultural, and social needs, delivered in line with the Strengthened Aged Care Quality Standards to ensure your care is safe, consistent, and reliable.

We are happy to meet with you in your home, allowing you to feel comfortable and supported, or at one of our local offices if that is more convenient. Our goal is to make the process simple, clear and tailored to your circumstances.
